ABOUT US

What sets us apart...

Legna is a eco-friendly, boutique organization providing personalized commercial and residential cleaning services. Our mission is to be **THE** reliable source for your facilities needs. We will deliver stellar **CUSTOMER SERVICE** that supports the highest quality of cleaning available to create healthy work and living environments.

Health Benefits and Overall Cost-Savings...

"Indoor levels of pollutants may be two to five times higher, occasionally 100 times higher, than outdoor levels. Levels of indoor air pollutants may be of particular concern because most people spend 90 percent of their time indoors." (AG LLC) **GREEN** cleaning principles and strategies combat these risks by reducing the levels of toxins that may enter the body. Commitment to sustainability is priority in every task.

Legna Cleaning Services business structure allows the flexibility of offering service plans at your budget. Each client gains a **PARTNER** in service that results in an increased return on investment and can help your business receive credits to achieve LEED certification.

Don't Miss Out...

Take advantage of our competitive rates and hire us for your regular office cleaning needs or special projects. We offer several types of services to meet your specific needs; a Commercial "*Basic Cleaning Service*" and a "*Detailed Cleaning Service*" janitorial plan. Real Estate professionals will value the residential "*B2B Service*" plan for current properties on the market or pocket listings: Open Houses, Showings, and Closing Day Cleanings. Additional Services Include:

- Post Construction & Renovation in Houston metro area
- Move In/Move Out
- REO
